I-80 / SR 65 Interchange Improvement Project

Jan 05, 2013 - 06:14 AM | Admin in News

I-80 / SR 65 Interchange Improvement Project - Public Scoping Meeting

Tuesday, January 15, 2013
6:00 – 8:00 p.m.
Maidu Community Center - Reception Hall
1550 Maidu Drive
Roseville, CA
Brief presentation to begin at 6:15 p.m.

I-80 / SR 65 Interchange Improvement Project

The existing I-80/SR 65 interchange was constructed in late 1985. Because of the region's growth over the past two decades, the interchange and the I-80 and SR 65 corridors are experiencing increasing traffic congestion. The high traffic demands during the commute hours and the recreational trips to the Sierras congest the project area on a regular basis. The I-80/SR 65 Interchange Improvements Project is intended to reduce traffic congestion, improve operations and enhance safety.

The Placer County Transportation Planning Agency (PCTPA) will host a third community workshop for the I-80/SR 65 interchange improvements project. PCTPA is starting the environmental assessment for this project and the Public Scoping Meeting is an opportunity for the public to provide comments or concerns. Input received will become part of the public record and will be considered in developing alternatives to be studied in the environmental document.

Representatives from PCTPA, Caltrans, and the project consultant team will be available to provide an overview of the project, the schedule, and will answer questions and discuss ideas in an informal format. Several information stations providing maps, aerial photographs, and other project materials will be available.

Public Scoping Meeting scheduled for I-80/SR 65 Interchange Improvements Project

14. JAN, 2013 0 COMMENTS

Placer County Transportation Planning Agency (PCTPA) will host a Public Scoping Meeting for the I-80/SR 65 Interchange Improvements Project on Tuesday, January 15, 2013 at 6:00 p.m. at the Maidu Community Center Reception Hall, 1550 Maidu Drive, Roseville, CA. PCTPA is starting the environmental assessment for this project. This Public Scoping Meeting is an opportunity to learn about the project and provide comments and/or concerns. Your comments will become part of the public record and will be considered in developing alternatives to be studied in the environmental document.

0 Tweet

The proposed project is located in Placer County within the Cities of Roseville and Rocklin at the I-80/SR 65 Interchange. The proposed project also includes various local roads, specifically portions of Galleria Boulevard/Stanford Ranch Road, Eureka Road/Atlantic Street, East Roseville Parkway, Rocklin Road, and Taylor Road. The project proposes interchange improvements to reduce traffic congestion, improve traffic operations, and enhance safety.

Representatives from PCTPA, Caltrans, and the project consultant team will be available to provide an overview of the project, the schedule, and will answer questions and discuss ideas in an open house format. Maps, information about the project alternatives, and other displays will be available for viewing.

PCTPA is the regional transportation planning agency for Placer County excluding the Lake Tahoe basin. PCTPA represents the County and six incorporated cities located in Placer County.

For more information contact PCTPA at 530-823-4030.
